

Never Be Alone...

The Caregivers Resource Guide by AARP's ® "My Generation" Magazine specifically listed American Medical Alarms as "a resource for personal alarms." We take that responsibility, and the trust you put in us very seriously.

American Medical Alarms has been providing the Never Be Alone system since 1987. We know the service you want and provide the help you need to protect yourself or your loved ones in an emergency.

When seconds count

The Never Be Alone system connects you to our Emergency Monitoring Center within seconds and help is on the way.

Help when you need it

Everyday people are placed in nursing homes or long term care facilities, needlessly, simply because they had a medical emergency and no one knew about it and no one came.

Peace of mind all the time

With the Never Be Alone medical alarm you can get help with just the push of a button. We are there 24 hours a day, 7 days a week, 365 days a year to help you!

Call (800) 542-0438 today

It's easy to get started. Just call and speak to one of our customer service representatives and we will take care of the rest. Call (800) 542-0438 Today!

Never Be Alone... Help When You Need It, Peace of Mind All the Time.

Maintain your independence...

For just \$24.95/month you can get help when you need it and have peace of mind all the time. The Never Be Alone medical alarm system provided by American Medical Alarms is a great solution for individuals who want to live in their home worry free.

We hear so many stories from our callers telling us about someone they knew that had a medical emergency but did not receive help because nobody knew about it and nobody came. With the Never Be Alone system you or your loved one will not have to worry, help will always be within reach.

With just the push of a button...

Whenever you need help you simply press the button on the pendant you are wearing. Within seconds you are connected with our monitoring center. An operator will respond to your call without you ever touching your telephone.

Peace of mind...

Your operator will know your name, where you live and who they need to contact; all of this information appears to your operator in less than a minute from the time you press your pendant. Your operator will attempt to speak with you. If you request medical assistance or are unable to speak with us we will dispatch your local paramedics. Your operator will then call your family to notify them of the emergency.

24 hours a day, 365 days a year...

You and your family can be assured that our UL Listed Monitoring Center can assist you 24 hours a day, 365 days a year!

Call (800) 542-0438 today to place your order or visit us online at www.americanmedicalalarms.com

To Place An Order

If you are interested in placing an order we have two convenient options you can choose from:

1) Call us Toll Free at (800) 542-0438 and speak to one of our customer service representatives.

OR

2) Go online to www.americanmedicalalarms.com and use our secure online order form.

Please have the following information available when you place your order:

- 1) The name, address and telephone number of the person who will be using the alarm.
- 2) Directions to their home from the closest major intersection.
- 3) The names and telephone numbers of any family or friends you would like us to call.

Quick Facts

Our system is just \$24.95/month (billed quarterly); there are no other costs, fees or charges of any kind.

The transmitters are water resistant and can be worn in the tub or shower.

Our system has a backup battery that can let the system continue to work in the event of a power outage.

Our systems have a lifetime warranty.

We ship 2nd business day UPS at no cost to you.

Our Emergency Monitoring Center is UL Listed, FM Certified and Department of Defense Certified. They have a tri-redundancy system in place to ensure continuous monitoring.

With Voice to Voice communication we are able to speak with you in your home without you ever touching a telephone.

Just \$24.95/Month

(billed quarterly)
No other costs, fees, or charges of any kind!

The Never Be Alone system consists of two parts:

- (1) a water resistant transmitter that you wear around your neck or on your wrist
- (2) a small console that connects to our monitoring center using your telephone jack.

Our Voice to Voice communication feature allows us to speak with you in your home without you having to get to your telephone. You simply speak out loud and the console will pick up the sound of your voice.

From Our Subscribers

I've lived a long time but have never dealt with any service people that were as pleasant, cheerful and extremely patient in helping a customer. I feel I should call once a week just to say hello and hear your cheery voice. ~ Johnson

I want to tell you that all the persons with whom I spoke at American Medical Alarms could not have been more informative, courteous and, above all, a friendly voice! (These days such manners seem to be a rarity). ~Goshkagarian
